

PG1090+ Logistic Pallet

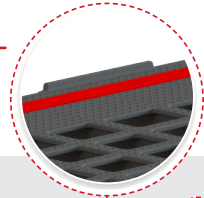

Features and advantages

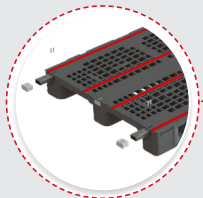

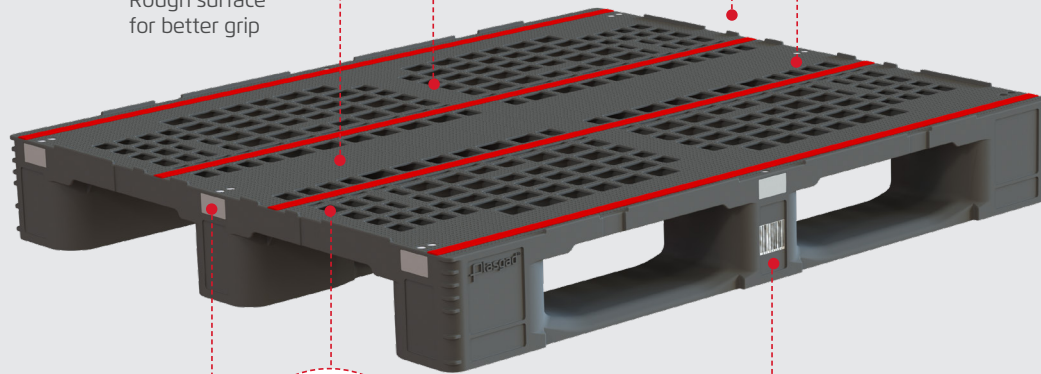

Rough surface for better grip

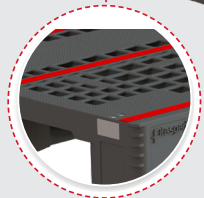

Closed deck (optional)

Optional safety rim

Optional metal reinforcements for improved racking capabilities

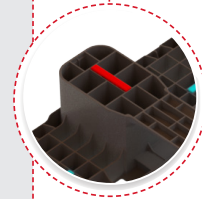

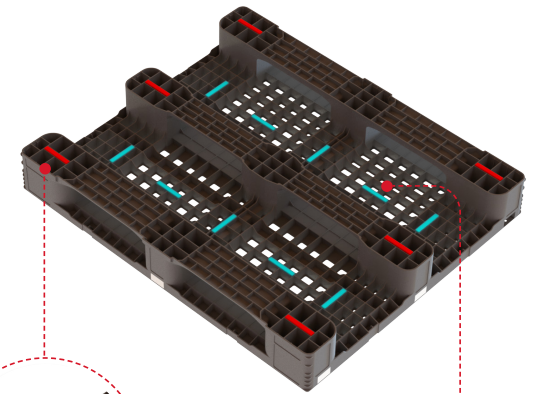

Anti-slip deck strips to protect goods

Protected area for identification sticker/IML in 6 different designated places

Anti-slip add-ons for better grip

Anti-slip pallet legs, ideal for mobile racking systems

Grip-enhancing rubber to prevent forklift skidding

More advantages

- Can be tailored to specific needs
- Designed for heavy loads with racking capabilities
- Optimized for conveyor belts and automated systems
- Low self-weight
- Environmentally friendly - 100% recyclable
- Easy washing and cleaning
- Optional GPS/IOT tracking device to provide real time data

Specifications
